Illinois Student Council Spring Updates & Opportunities

January 28, 2024 5:02 AM

Illinois Student Council (ISC) serves as the University's official form of student government, advocating for the betterment of our campus community with integrity and transparency. We have several updates and opportunities ahead for the Spring 2024 Semester!

Run for ISC | 2024-2025 ISC Student Elections

Consider running to be our next Student Body President & Vice President or a college/school Student Representative! Take the next step to advocate for students through Advocacy, Leadership, Networking, and Personal & Professional Development. The Student Body President & Vice President are the primary representatives for all students at Illinois. Alongside ISC Student Congress, they advocate for bettering the overall student experience in collaboration with campus administration.

The ISC Congress consists of forty-four (44) Student Representatives elected by college/school. Student Reps advocate and deliberate for developing solutions to student concerns and desires.

Applications to run for Student Body President & Vice President and Student Representative close on February 1st. [Click here](#) to submit a Candidate Application or to learn more about campus student elections.

Sustainability Gen Ed Proposal | Share Your Voice

In collaboration with the [Student Sustainability Committee](#) (SSC), ISC is interested in learning about the student body's interest in adding a sustainable general education option to the undergraduate curriculum.

Implementing a sustainable gen ed option is being explored, so gathering student voices will help inform the process. The new gen ed will not add extra required credits to graduate; instead, it could be substituted for another gen ed requirement.
